

Professional Results 2 Pack Liquid Casting Resin For Artistic Creations

Our Product Introduction

for more products please visit us on epoxyresinfloorcoating.com

Basic Information

- Place of Origin: CHINA
- Brand Name: CREKOAT
- Certification: TDS, MSDS
- Model Number: CK-DP2001
- Minimum Order Quantity: 300KG
- Price: US\$4.5-6.5/Kg
- Packaging Details: Bottle/Cartron/Wooden Box
- Delivery Time: 3-7 Working Days
- Payment Terms: T/T, Western Union, MoneyGram
- Supply Ability: 1000000 Kg/Year

Product Specification

- Commercial Line ID: 2 Pack Clear Epoxy Resin
- Prominent Factor: Flexible Formula
- Key Words: Bubble Free, Crystal Clear
- Materials: Epoxy Resin And Hardener
- Application: Casting, Coating And Art
- Mixing Ratio: 2:1 By Weight
- Pot Life: 60 Minutes
- Shelf Life: 12 Months
- Highlight: **Liquid Casting Resin For Artistic Creations, 2 Pack Liquid Casting Resin**

Product Description

High-Quality Professional Results Liquid Casting Resin Adaptable For Artistic Creations

Quick Details Of Liquid Casting Resin:

Liquid casting resin, a compound meticulously synthesized by combining two components in precise proportions, undergoes a transformative chemical process, solidifying into a durable form during the curing phase. Post-thorough amalgamation, the blend is delicately poured into molds, initiating a gradual solidification process over a designated period. Notable for its versatility, this resin readily incorporates colorants, commonly pigments or dyes, enabling diverse alterations in appearance and color spectrum. This adaptable material finds broad-ranging applications, facilitating the creation of an extensive array of articles, prototypes, and specialized coatings essential in artisanal crafts, artistic ventures, and diverse industrial sectors.

Features Of Liquid Casting Resin:

1. High-quality, professional results
2. Adaptable for artistic creations
3. Brings depth and dimension to your creations
4. UV resistant, highest yellowing resistance
5. Self-leveling & high glossy
6. Ideal for all casting and art projects

Advantages Of Liquid Casting Resin:

Liquid casting resin refers to a type of resin specifically formulated for casting or molding purposes. It is a two-part polymer that typically consists of a liquid resin and a hardener or catalyst. When these components are combined in the correct ratio and mixed thoroughly, a chemical reaction occurs, causing the mixture to cure and solidify into a durable and clear or translucent material.

Liquid casting resin is widely used in various applications such as crafting, art, jewelry making, model building, and creating prototypes. It is known for its ability to capture fine details, produce smooth surfaces, and create intricate shapes. This resin type is versatile and allows for the addition of colorants, pigments, dyes, and additives to achieve desired effects before pouring into molds or forms for casting.

Product Descriptions Of Liquid Casting Resin:

Item	Epoxy Resin(A)	Hardener(B)
Appearance	Liquid	Liquid
Color	Transparent	Transparent
Viscosity@25°C	400-600 mPa·s	300-500 mPa·s
Density, g/cm3	1.07±0.05	0.95±0.03
Mix Ratio	2:1 by weight	
Hardness	Shore, D85-90	
Pot Life	50-60mins@25°C	
Curing Time	16-24hrs@35°C, 24-36hrs@25°C 48hrs, Dry Completely	
Max Pour Depth	5-10cm max per single pour	
Shelf Life	12 Months	
Application	Ideal for all Casting, Coating and Art Projects including Cutting Boards, Coasters, Countertops, Bartop, Resin Art, Resin Jewelry, Coating Artwork and Acrylic Pour Paintings, Geode Paintings, Molds, River Tables
