

## Rapid Cure Time Clear Resin Pour For Embedding Photos Or Objects

Our Product Introduction

for more products please visit us on [epoxyresinfloorcoating.com](http://epoxyresinfloorcoating.com)

### Basic Information

- Place of Origin: CHINA
- Brand Name: CREKOAT
- Certification: TDS, MSDS
- Model Number: CK-DP2001
- Minimum Order Quantity: 300KG
- Price: US\$4.5-6.5/Kg
- Packaging Details: Bottle/Carton/Wooden Box
- Delivery Time: 3-7 Working Days
- Payment Terms: T/T, Western Union, MoneyGram
- Supply Ability: 1000000 Kg/Year

### Product Specification

- Trade Designation Tag: Epoxy Resin Coating For Wood Tabletop
- Salient Feature: Non-Flammable
- Key Words: Bubble Free, Crystal Clear
- Materials: Epoxy Resin And Hardener
- Application: Casting, Coating And Art
- Mixing Ratio: 2:1 By Weight
- Pot Life: 60 Minutes
- Shelf Life: 12 Months
- Highlight: **Rapid Cure Time Clear Resin Pour ,  
Clear Resin Pour For Embedding Photos**

## Product Description

### Rapid Cure Time Clear Resin Pour Ideal For Embedding Photos Or Objects

#### Quick Details Of Liquid Casting Resin:

Liquid casting resin, a veritable chameleon of creative expression, seamlessly assimilates into a spectrum of artistic and craft endeavors, underscoring its exceptional adaptability. Within the domain of jewelry craftsmanship, it takes center stage as a virtuoso, bestowing artisans with the ability to sculpt intricate, transparent, or boldly hued pieces with consummate finesse. Transcending onto the canvas, resin evolves into a dynamic collaborator in the realm of abstract art and painting, transcending its role as a mere medium to become a catalyst for crafting glossy, vibrant compositions that challenge artistic norms. Its transformative capabilities extend to functional artistry, excelling in the crafting of coasters, trays, and paperweights where its smooth finish and capacity for embedded designs elevate the final aesthetic. Venturing into woodworking, it emerges as a versatile troubleshooter, adept at seamlessly filling cracks and contributing to a polished surface. In the professional arena, resin stands as a sculptor's trusted ally and a model maker's precision implement, highlighting its adaptability to diverse creative processes. From the intimate allure of DIY keychains to the bespoke elegance of customized home decor, liquid casting resin emerges as a dynamic muse, unlocking an expansive realm of possibilities for both artistic expression and functional design.

#### Features Of Liquid Casting Resin:

1. Ideal for embedding photos or objects
2. Rapid cure time for efficient workflow
3. Brings depth and dimension to your creations
4. UV resistant, highest yellowing resistance
5. Self-leveling & high glossy
6. Ideal for all casting and art projects

#### Advantages Of Liquid Casting Resin:

Liquid casting resin refers to a type of resin specifically formulated for casting or molding purposes. It is a two-part polymer that typically consists of a liquid resin and a hardener or catalyst. When these components are combined in the correct ratio and mixed thoroughly, a chemical reaction occurs, causing the mixture to cure and solidify into a durable and clear or translucent material.

Liquid casting resin is widely used in various applications such as crafting, art, jewelry making, model building, and creating prototypes. It is known for its ability to capture fine details, produce smooth surfaces, and create intricate shapes. This resin type is versatile and allows for the addition of colorants, pigments, dyes, and additives to achieve desired effects before pouring into molds or forms for casting.

#### Product Descriptions Of Liquid Casting Resin:

Item	Epoxy Resin(A)	Hardener(B)
Appearance	Liquid	Liquid
Color	Transparent	Transparent
Viscosity@25°C	400-600 mPa·s	300-500 mPa·s
Density, g/cm <sup>3</sup>	1.07±0.05	0.95±0.03
Mix Ratio	2:1 by weight	
Hardness	Shore, D85-90	
Pot Life	50-60mins@25°C	
Curing Time	16-24hrs@35°C, 24-36hrs@25°C 48hrs, Dry Completely	
Max Pour Depth	5-10cm max per single pour	
Shelf Life	12 Months	
Application	Ideal for all Casting, Coating and Art Projects including Cutting Boards, Coasters, Countertops, Bartop, Resin Art, Resin Jewelry, Coating Artwork and Acrylic Pour Paintings, Geode Paintings, Molds, River Tables
