

## Clear Epoxy Resin Kit For Wood Table Smooth Self - Leveling Consistency

Our Product Introduction

for more products please visit us on [epoxyresinfloorcoating.com](http://epoxyresinfloorcoating.com)

### Basic Information

- Place of Origin: CHINA
- Brand Name: CREKOAT
- Certification: TDS, MSDS
- Model Number: CK-DP2001
- Minimum Order Quantity: 300KG
- Price: US\$4.5-6.5/Kg
- Packaging Details: Bottle/Cartron/Wooden Box
- Delivery Time: 3-7 Working Days
- Payment Terms: T/T, Western Union, MoneyGram
- Supply Ability: 1000000 Kg/Year

CREKOAT

### Product Specification

- Goods Marking Badge: Clear Resin Tables
- Crucial Trait: Chemical Inertness
- Key Words: Bubble Free, Crystal Clear
- Materials: Epoxy Resin And Hardener
- Application: Casting, Coating And Art
- Mixing Ratio: 2:1 By Weight
- Pot Life: 60 Minutes
- Shelf Life: 12 Months
- Highlight: **Clear Epoxy Resin Kit,  
Self Leveling Clear Epoxy Resin Kit**

CREKOAT

## Product Description

### Resin Kit Clear Epoxy For Wood Table Smooth Self-Leveling Consistency

#### Quick Details Of Liquid Casting Resin:

Liquid casting resin, a polymorphic luminary in the creative spectrum, seamlessly melds into a diverse array of artistic and craft pursuits, showcasing its exceptional versatility. In the realm of jewelry craftsmanship, it ascends to virtuosity, empowering artisans to shape intricate, translucent, or boldly colored pieces with finesse. Transitioning to the canvas, resin undergoes a dynamic transformation into a collaborative force in abstract art and painting, transcending its role as a medium to become a catalyst for crafting glossy, vibrant compositions that defy traditional norms. Its transformative capabilities extend gracefully to functional artistry, excelling in the crafting of coasters, trays, and paperweights, where its velvety finish and capacity for embedded designs elevate the final aesthetic. Venturing into woodworking, it emerges as a versatile troubleshooter, adept at seamlessly filling cracks and contributing to a lustrous surface. In professional realms, resin stands as a sculptor's cherished companion and a model maker's precision implement, showcasing its adaptability to a myriad of creative processes. From the intimate allure of DIY keychains to the bespoke elegance of customized home decor, liquid casting resin emerges as a dynamic muse, unlocking a boundless realm of possibilities for artistic expression and functional design, where its transformative qualities resonate across diverse realms of creativity.

#### Features Of Liquid Casting Resin:

1. Smooth, self-leveling consistency
2. All-in-one resin kit for beginners
3. Brings depth and dimension to your creations
4. UV resistant, highest yellowing resistance
5. Self-leveling & high glossy
6. Ideal for all casting and art projects

#### Advantages Of Liquid Casting Resin:

Liquid casting resin refers to a type of resin specifically formulated for casting or molding purposes. It is a two-part polymer that typically consists of a liquid resin and a hardener or catalyst. When these components are combined in the correct ratio and mixed thoroughly, a chemical reaction occurs, causing the mixture to cure and solidify into a durable and clear or translucent material.

Liquid casting resin is widely used in various applications such as crafting, art, jewelry making, model building, and creating prototypes. It is known for its ability to capture fine details, produce smooth surfaces, and create intricate shapes. This resin type is versatile and allows for the addition of colorants, pigments, dyes, and additives to achieve desired effects before pouring into molds or forms for casting.

#### Product Descriptions Of Liquid Casting Resin:

Item	Epoxy Resin(A)	Hardener(B)
Appearance	Liquid	Liquid
Color	Transparent	Transparent
Viscosity@25°C	400-600 mPa·s	300-500 mPa·s
Density, g/cm <sup>3</sup>	1.07±0.05	0.95±0.03
Mix Ratio	2:1 by weight	
Hardness	Shore, D85-90	
Pot Life	50-60mins@25°C	
Curing Time	16-24hrs@35°C, 24-36hrs@25°C 48hrs, Dry Completely	
Max Pour Depth	5-10cm max per single pour	
Shelf Life	12 Months	
Application	Ideal for all Casting, Coating and Art Projects including Cutting Boards, Coasters, Countertops, Bartop, Resin Art, Resin Jewelry, Coating Artwork and Acrylic Pour Paintings, Geode Paintings, Molds, River Tables
