

Non Yellowing Clear Epoxy Resin For Seamless Tabletops

Our Product Introduction

for more products please visit us on epoxyresinfloorcoating.com

Basic Information

- Place of Origin: CHINA
- Brand Name: CREKOAT
- Certification: TDS, MSDS
- Model Number: CK-DP2001
- Minimum Order Quantity: 300KG
- Price: US\$4.5-6.5/Kg
- Packaging Details: Bottle/Cartron/Wooden Box
- Delivery Time: 3-7 Working Days
- Payment Terms: T/T, Western Union, MoneyGram
- Supply Ability: 1000000 Kg/Year

Product Specification

- Line Identity Crest: Clear Resin Dye
- Primary Element: Abrasion Resistance
- Key Words: Bubble Free, Crystal Clear
- Materials: Epoxy Resin And Hardener
- Application: Casting, Coating And Art
- Mixing Ratio: 2:1 By Weight
- Pot Life: 60 Minutes
- Shelf Life: 12 Months
- Highlight: **Non Yellowing Clear Epoxy Resin,
Clear Epoxy Resin For Tabletops**

Product Description

Non-Yellowing Resin Clear Epoxy Resin For Sale Seamless Application Tabletops

Quick Details Of Liquid Casting Resin:

Liquid casting resin offers distinct advantages not only for intricate projects but also for its cost-effectiveness compared to other resins. One significant advantage is its lower material cost per volume, making it an economical choice for large-scale projects or production runs. Additionally, liquid casting resin typically has a longer shelf life compared to other resins, reducing the risk of waste due to premature expiration. Moreover, its ease of use and minimal requirement for specialized equipment or facilities contribute to lower overall production costs. This cost-effectiveness makes liquid casting resin a preferred choice for artisans and manufacturers looking to optimize their budget without compromising on quality or versatility.

Features Of Liquid Casting Resin:

1. Non-yellowing resin for resin keepsake box crafting
2. Precision-engineered resin for resin gemstone jewelry
3. Brings depth and dimension to your creations
4. UV resistant, highest yellowing resistance
5. Self-leveling & high gloss finish
6. Ideal for all casting and art projects

Advantages Of Liquid Casting Resin:

Liquid casting resin refers to a type of resin specifically formulated for casting or molding purposes. It is a two-part polymer that typically consists of a liquid resin and a hardener or catalyst. When these components are combined in the correct ratio and mixed thoroughly, a chemical reaction occurs, causing the mixture to cure and solidify into a durable and clear or translucent material.

Liquid casting resin is widely used in various applications such as crafting, art, jewelry making, model building, and creating prototypes. It is known for its ability to capture fine details, produce smooth surfaces, and create intricate shapes. This resin type is versatile and allows for the addition of colorants, pigments, dyes, and additives to achieve desired effects before pouring into molds or forms for casting.

Product Descriptions Of Liquid Casting Resin:

Item	Epoxy Resin(A)	Hardener(B)
Appearance	Liquid	Liquid
Color	Transparent	Transparent
Viscosity@25°C	400-600 mPa·s	300-500 mPa·s
Density, g/cm3	1.07±0.05	0.95±0.03
Mix Ratio	2:1 by weight	
Hardness	Shore, D85-90	
Pot Life	50-60mins@25°C	
Curing Time	16-24hrs@35°C, 24-36hrs@25°C 48hrs, Dry Completely	
Max Pour Depth	5-10cm max per single pour	
Shelf Life	12 Months	
Application	Ideal for all Casting, Coating and Art Projects including Cutting Boards, Coasters, Countertops, Bartop, Resin Art, Resin Jewelry, Coating Artwork and Acrylic Pour Paintings, Geode Paintings, Molds, River Tables
