

## High Gloss Crystal Epoxy Sealer Clear For Resin Bar Top Coating

Our Product Introduction

for more products please visit us on [epoxyresinfloorcoating.com](http://epoxyresinfloorcoating.com)

### Basic Information

- Place of Origin: CHINA
- Brand Name: CREKOAT
- Certification: TDS, MSDS
- Model Number: CK-DP2001
- Minimum Order Quantity: 500KG
- Price: US\$4.0-6.0/Kg
- Packaging Details: Bottle/Cartron/Wooden Box
- Delivery Time: 3-7 Working Days
- Payment Terms: T/T, Western Union, MoneyGram
- Supply Ability: 1000000 Kg/Year

### Product Specification

- Brand Classification Insignia: Clear Resin Liquid
- Highlighted Attribute: Non-Toxic
- Key Words: Bubble Free, Crystal Clear
- Materials: Epoxy Resin And Hardener
- Application: Casting, Coating And Art
- Mixing Ratio: 2:1 By Weight
- Pot Life: 40 Minutes
- Shelf Life: 12 Months
- Highlight: **High Gloss Crystal Epoxy Sealer Clear, Bar Top Crystal Epoxy Sealer Clear**

## Product Description

### High-Gloss Crystal Epoxy Sealer Clear For Resin Bar Top Coating

#### Quick Details Of Liquid Casting Resin:

The properties of liquid casting resin encompass a range of distinct features tailored for intricate projects and diverse applications. Notably, its low viscosity facilitates intricate detailing, while specific curing times ensure precise control over the hardening process. Exceptional clarity enhances the aesthetic appeal of finished products, complemented by extended workability for meticulous crafting. Furthermore, its durability upon curing and minimal shrinkage maintain the integrity of designs. With compatibility with various additives and environmentally friendly formulations, liquid casting resin offers versatility and sustainability, empowering artisans and manufacturers to bring their creative visions to life with precision and durability.

#### Features Of Liquid Casting Resin:

1. Crystal-clear resin for resin paperweight creations
2. High-gloss resin for resin bar top coating
3. Brings depth and dimension to your creations
4. UV resistant, highest yellowing resistance
5. Self-leveling & high gloss finish
6. Ideal for all casting and art projects

#### Advantages Of Liquid Casting Resin:

Liquid casting resin refers to a type of resin specifically formulated for casting or molding purposes. It is a two-part polymer that typically consists of a liquid resin and a hardener or catalyst. When these components are combined in the correct ratio and mixed thoroughly, a chemical reaction occurs, causing the mixture to cure and solidify into a durable and clear or translucent material.

Liquid casting resin is widely used in various applications such as crafting, art, jewelry making, model building, and creating prototypes. It is known for its ability to capture fine details, produce smooth surfaces, and create intricate shapes. This resin type is versatile and allows for the addition of colorants, pigments, dyes, and additives to achieve desired effects before pouring into molds or forms for casting.

#### Product Descriptions Of Liquid Casting Resin:

Item	Epoxy Resin(A)	Hardener(B)
Appearance	Liquid	Liquid
Color	Transparent	Transparent
Viscosity@25°C	400-600 mPa·s	300-500 mPa·s
Density, g/cm <sup>3</sup>	1.07±0.05	0.95±0.03
Mix Ratio	2:1 by weight	
Hardness	Shore, D85-90	
Pot Life	50-60mins@25°C	
Curing Time	16-24hrs@35°C, 24-36hrs@25°C 48hrs, Dry Completely	
Max Pour Depth	5-10cm max per single pour	
Shelf Life	12 Months	
Application	Ideal for all Casting, Coating and Art Projects including Cutting Boards, Coasters, Countertops, Bartop, Resin Art, Resin Jewelry, Coating Artwork and Acrylic Pour Paintings, Geode Paintings, Molds, River Tables
