

Non Toxic Bar Table Top Epoxy For Resin Mold Making Artisans Crafting

Our Product Introduction

for more products please visit us on epoxyresinfloorcoating.com

Basic Information

- Place of Origin: CHINA
- Brand Name: CREKOAT
- Certification: TDS, MSDS
- Model Number: CK-DP2001
- Minimum Order Quantity: 500KG
- Price: US\$4.0-6.0/Kg
- Packaging Details: Bottle/Cartron/Wooden Box
- Delivery Time: 3-7 Working Days
- Payment Terms: T/T, Western Union, MoneyGram
- Supply Ability: 1000000 Kg/Year

Product Specification

- Merchandise Signature Emblem: Clear UV Epoxy Resin
- Core Characteristic: Bubble-Free
- Key Words: Bubble Free, Crystal Clear
- Materials: Epoxy Resin And Hardener
- Application: Casting, Coating And Art
- Mixing Ratio: 2:1 By Weight
- Pot Life: 40 Minutes
- Shelf Life: 12 Months
- Highlight: **Non Toxic Bar Table Top Epoxy ,
Artisans Crafting Bar Table Top Epoxy**

Product Description

Non-Toxic Bar Table Top Epoxy For Resin Mold Making Artisans Crafting

Quick Details Of Liquid Casting Resin:

Liquid casting resin boasts a diverse set of properties that distinguish it as a versatile and dependable material for a wide range of applications. Its low viscosity allows for intricate detailing and smooth mold filling, while its specific curing times offer control over the hardening process. Exceptional clarity ensures visually stunning finished products, while extended workability provides ample time for precise crafting. Additionally, its durability upon curing and minimal shrinkage preserve the integrity of designs over time. With compatibility with various additives and environmentally conscious formulations, liquid casting resin stands out as a sustainable choice for artisans and manufacturers, offering both flexibility and reliability in realizing creative visions with precision and longevity.

Features Of Liquid Casting Resin:

1. Flexible resin for resin mold making
2. Non-toxic resin for resin children's toy production
3. Brings depth and dimension to your creations
4. UV resistant, highest yellowing resistance
5. Self-leveling & high gloss finish
6. Ideal for all casting and art projects

Advantages Of Liquid Casting Resin:

Liquid casting resin refers to a type of resin specifically formulated for casting or molding purposes. It is a two-part polymer that typically consists of a liquid resin and a hardener or catalyst. When these components are combined in the correct ratio and mixed thoroughly, a chemical reaction occurs, causing the mixture to cure and solidify into a durable and clear or translucent material.

Liquid casting resin is widely used in various applications such as crafting, art, jewelry making, model building, and creating prototypes. It is known for its ability to capture fine details, produce smooth surfaces, and create intricate shapes. This resin type is versatile and allows for the addition of colorants, pigments, dyes, and additives to achieve desired effects before pouring into molds or forms for casting.

Product Descriptions Of Liquid Casting Resin:

Item	Epoxy Resin(A)	Hardener(B)
Appearance	Liquid	Liquid
Color	Transparent	Transparent
Viscosity@25°C	400-600 mPa·s	300-500 mPa·s
Density, g/cm ³	1.07±0.05	0.95±0.03
Mix Ratio	2:1 by weight	
Hardness	Shore, D85-90	
Pot Life	50-60mins@25°C	
Curing Time	16-24hrs@35°C, 24-36hrs@25°C 48hrs, Dry Completely	
Max Pour Depth	5-10cm max per single pour	
Shelf Life	12 Months	
Application	Ideal for all Casting, Coating and Art Projects including Cutting Boards, Coasters, Countertops, Bartop, Resin Art, Resin Jewelry, Coating Artwork and Acrylic Pour Paintings, Geode Paintings, Molds, River Tables
