

## Water Resistant Clear Epoxy Varnish For Resin Bathroom Accessory Crafting

Our Product Introduction

for more products please visit us on [epoxyresinfloorcoating.com](http://epoxyresinfloorcoating.com)

### Basic Information

- Place of Origin: CHINA
- Brand Name: CREKOAT
- Certification: TDS, MSDS
- Model Number: CK-DP2001
- Minimum Order Quantity: 500KG
- Price: US\$4.0-6.0/Kg
- Packaging Details: Bottle/Cartron/Wooden Box
- Delivery Time: 3-7 Working Days
- Payment Terms: T/T, Western Union, MoneyGram
- Supply Ability: 1000000 Kg/Year

### Product Specification

- Product Marking Seal: Transparent Resin And Hardener
- Highlighted Element: Heat-Resistant
- Key Words: Bubble Free, Crystal Clear
- Materials: Epoxy Resin And Hardener
- Application: Casting, Coating And Art
- Mixing Ratio: 2:1 By Weight
- Pot Life: 40 Minutes
- Shelf Life: 12 Months
- Highlight: **Water Resistant Clear Epoxy Varnish,  
Clear Epoxy Varnish For Bathroom Accessory**

## Product Description

### Water-Resistant Clear Epoxy Varnish For Resin Bathroom Accessory Crafting

#### Quick Details Of Liquid Casting Resin:

Liquid casting resin stands out with its unique combination of properties tailored to meet the demands of intricate projects across various industries. Its low viscosity ensures seamless flow into molds, enabling the capture of fine details with precision. Specific curing times offer artisans control over the hardening process, ensuring optimal results. Remarkable clarity enhances the visual appeal of finished products, while extended workability allows for meticulous crafting without the pressure of rapid curing. Furthermore, its durability upon curing and minimal shrinkage maintain the integrity of designs over time, ensuring long-lasting quality. With compatibility with diverse additives and environmentally conscious formulations, liquid casting resin emerges as a versatile and sustainable choice for artisans and manufacturers, empowering them to realize their creative visions with precision, reliability, and environmental responsibility.

#### Features Of Liquid Casting Resin:

1. Water-resistant resin for resin bathroom accessory crafting
2. Resin engineered for resin clock face molding
3. Brings depth and dimension to your creations
4. UV resistant, highest yellowing resistance
5. Self-leveling & high gloss finish
6. Ideal for all casting and art projects

#### Advantages Of Liquid Casting Resin:

Liquid casting resin refers to a type of resin specifically formulated for casting or molding purposes. It is a two-part polymer that typically consists of a liquid resin and a hardener or catalyst. When these components are combined in the correct ratio and mixed thoroughly, a chemical reaction occurs, causing the mixture to cure and solidify into a durable and clear or translucent material.

Liquid casting resin is widely used in various applications such as crafting, art, jewelry making, model building, and creating prototypes. It is known for its ability to capture fine details, produce smooth surfaces, and create intricate shapes. This resin type is versatile and allows for the addition of colorants, pigments, dyes, and additives to achieve desired effects before pouring into molds or forms for casting.

#### Product Descriptions Of Liquid Casting Resin:

Item	Epoxy Resin(A)	Hardener(B)
Appearance	Liquid	Liquid
Color	Transparent	Transparent
Viscosity@25°C	400-600 mPa·s	300-500 mPa·s
Density, g/cm <sup>3</sup>	1.07±0.05	0.95±0.03
Mix Ratio	2:1 by weight	
Hardness	Shore, D85-90	
Pot Life	50-60mins@25°C	
Curing Time	16-24hrs@35°C, 24-36hrs@25°C 48hrs, Dry Completely	
Max Pour Depth	5-10cm max per single pour	
Shelf Life	12 Months	
Application	Ideal for all Casting, Coating and Art Projects including Cutting Boards, Coasters, Countertops, Bartop, Resin Art, Resin Jewelry, Coating Artwork and Acrylic Pour Paintings, Geode Paintings, Molds, River Tables
