

## Heat Resistant Crystal Clear Two Part Clear Resin For Ocean Diorama Crafting

Our Product Introduction

for more products please visit us on [epoxyresinfloorcoating.com](http://epoxyresinfloorcoating.com)

### Basic Information

- Place of Origin: DONGGUAN, CHINA
- Brand Name: CREKOAT
- Certification: TDS, MSDS
- Model Number: CK-DP2001
- Minimum Order Quantity: 500KG
- Price: US\$4.0-6.0/Kg
- Packaging Details: Bottle/Carton/Wooden Box
- Delivery Time: 3-7 Working Days
- Payment Terms: T/T, Western Union, MoneyGram
- Supply Ability: 1000000 Kg/Year

CREKOAT

### Product Specification

- Product Labeling Insignia: 2 Part Epoxy Resin Table Tops
- Fundamental Attribute: Low Odor
- Key Words: Bubble Free, Crystal Clear
- Materials: Epoxy Resin And Hardener
- Application: Casting, Coating And Art
- Mixing Ratio: 2:1 By Weight
- Pot Life: 40 Minutes
- Shelf Life: 12 Months
- Highlight: **Crystal Clear Two Part Clear Resin, Heat Resistant Two Part Clear Resin**

## Product Description

### Heat-Resistant Crystal-Clear Two Part Clear Resin For Ocean Diorama Crafting

#### Quick Details Of Liquid Casting Resin:

Liquid casting resin stands out for its ability to accommodate both clear and colored applications, offering unparalleled versatility to artisans and manufacturers. Its innate clarity makes it ideal for creating transparent designs, such as encapsulating objects or crafting intricate jewelry pieces that showcase the beauty of embedded elements. Furthermore, liquid casting resin's compatibility with a wide range of pigments and dyes allows for seamless customization of colors, enabling the creation of vibrant and dynamic projects. Whether aiming for translucent elegance or bold, opaque designs, liquid casting resin provides the flexibility and adaptability necessary to realize a diverse array of creative visions with precision and ingenuity.

#### Features Of Liquid Casting Resin:

1. Crystal-clear resin for resin ocean diorama crafting
2. Heat-resistant resin for resin lampshade creation
3. Brings depth and dimension to your creations
4. UV resistant, highest yellowing resistance
5. Self-leveling & high gloss finish
6. Ideal for all casting and art projects

#### Advantages Of Liquid Casting Resin:

Liquid casting resin refers to a type of resin specifically formulated for casting or molding purposes. It is a two-part polymer that typically consists of a liquid resin and a hardener or catalyst. When these components are combined in the correct ratio and mixed thoroughly, a chemical reaction occurs, causing the mixture to cure and solidify into a durable and clear or translucent material.

Liquid casting resin is widely used in various applications such as crafting, art, jewelry making, model building, and creating prototypes. It is known for its ability to capture fine details, produce smooth surfaces, and create intricate shapes. This resin type is versatile and allows for the addition of colorants, pigments, dyes, and additives to achieve desired effects before pouring into molds or forms for casting.

#### Product Descriptions Of Liquid Casting Resin:

Item	Epoxy Resin(A)	Hardener(B)
Appearance	Liquid	Liquid
Color	Transparent	Transparent
Viscosity@25°C	400-600 mPa·s	300-500 mPa·s
Density, g/cm <sup>3</sup>	1.07±0.05	0.95±0.03
Mix Ratio	2:1 by weight	
Hardness	Shore, D85-90	
Pot Life	50-60mins@25°C	
Curing Time	16-24hrs@35°C, 24-36hrs@25°C 48hrs, Dry Completely	
Max Pour Depth	5-10cm max per single pour	
Shelf Life	12 Months	
Application	Ideal for all Casting, Coating and Art Projects including Cutting Boards, Coasters, Countertops, Bartop, Resin Art, Resin Jewelry, Coating Artwork and Acrylic Pour Paintings, Geode Paintings, Molds, River Tables
