

Moisture Barrier UV Stabilized Resin Clear Tabletop Epoxy For Outdoor Sculptures Transparency

Our Product Introduction

for more products please visit us on epoxyresinfloorcoating.com

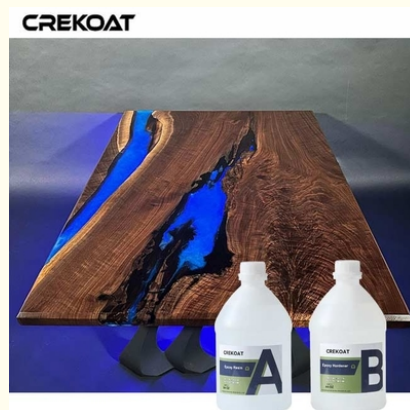

Basic Information

- Place of Origin: DONGGUAN, CHINA
- Brand Name: CREKOAT
- Certification: TDS, MSDS
- Model Number: CK-ART1001
- Minimum Order Quantity: 500KG
- Price: US\$4.0-6.0/Kg
- Packaging Details: Bottle/Carton/Wooden Box
- Delivery Time: 3-7 Working Days
- Payment Terms: T/T, Western Union, MoneyGram
- Supply Ability: 1000000 Kg/Year

Product Specification

- Item Identification Emblem: Epoxy Crystal Table
- Key Element: Moisture Barrier
- Key Words: Bubble Free, Crystal Clear
- Materials: Epoxy Resin And Hardener
- Application: Casting, Coating And Art
- Mixing Ratio: 1:1 By Volume
- Pot Life: 40 Minutes
- Shelf Life: 12 Months
- Highlight: **Moisture Barrier UV Stabilized Resin,
Clear Tabletop UV Stabilized Resin,
Uv Stabilized Epoxy Resin**

Product Description

UV-Stabilized Resin Clear Tabletop Epoxy For Outdoor Sculptures Transparency

Quick Details Of Liquid Casting Resin:

Liquid casting resin offers a unique advantage in its versatility to cater to both clear and colored applications seamlessly. Its inherent clarity lends itself perfectly to projects requiring transparency, such as encapsulating delicate objects or crafting sleek, transparent jewelry pieces.

Furthermore, liquid casting resin's compatibility with an extensive range of pigments and dyes allows artisans and manufacturers to explore a spectrum of colors, from soft pastels to bold, vivid shades, adding depth and vibrancy to their creations. Whether aiming for the pristine elegance of transparency or the dynamic impact of color, liquid casting resin empowers creators to bring their artistic visions to life with unparalleled versatility and precision, setting it apart as the ultimate medium for creative expression.

Features Of Liquid Casting Resin:

1. UV-stabilized resin for resin outdoor sculptures
2. Resin formulated for resin mixed media collages
3. Brings depth and dimension to your creations
4. UV resistant, highest yellowing resistance
5. Self-leveling & high gloss finish
6. Ideal for all casting and art projects

Advantages Of Liquid Casting Resin:

Liquid casting resin refers to a type of resin specifically formulated for casting or molding purposes. It is a two-part polymer that typically consists of a liquid resin and a hardener or catalyst. When these components are combined in the correct ratio and mixed thoroughly, a chemical reaction occurs, causing the mixture to cure and solidify into a durable and clear or translucent material.

Liquid casting resin is widely used in various applications such as crafting, art, jewelry making, model building, and creating prototypes. It is known for its ability to capture fine details, produce smooth surfaces, and create intricate shapes. This resin type is versatile and allows for the addition of colorants, pigments, dyes, and additives to achieve desired effects before pouring into molds or forms for casting.

Product Descriptions Of Liquid Casting Resin:

Item	Epoxy Resin(A)	Hardener(B)
Appearance	Liquid	Liquid
Color	Transparent	Transparent
Viscosity@25°C	1800-2200 mPa·s	600-800 mPa·s
Density, g/cm ³	1.07±0.05	0.95±0.03
Mix Ratio	1:1 by volume	
Hardness	Shore, D85-90	
Pot Life	30-40mins@25°C	
Curing Time	6-8hrs@35°C, 10-15hrs@25°C 24hrs, Dry Completely	
Max Pour Depth	1-6cm max per single pour	
Shelf Life	12 Months	
Application	Ideal for all Casting, Coating and Art Projects including Cutting Boards, Coasters, Countertops, Bartop, Resin Art, Resin Jewelry, Coating Artwork and Acrylic Pour Paintings, Geode Paintings, Molds, River Tables
