

High Gloss Finish UV Stable Resin Formulated Pourable Resin Table Top For Outdoor

Our Product Introduction

for more products please visit us on epoxyresinfloorcoating.com

Basic Information

- Place of Origin: DONGGUAN, CHINA
- Brand Name: CREKOAT
- Certification: TDS, MSDS
- Model Number: CK-ART1001
- Minimum Order Quantity: 500KG
- Price: US\$4.0-6.0/Kg
- Packaging Details: Bottle/Cartron/Wooden Box
- Delivery Time: 3-7 Working Days
- Payment Terms: T/T, Western Union, MoneyGram
- Supply Ability: 1000000 Kg/Year

Product Specification

- Product Brand Badge: Clear Epoxy Resin For Stone
- Singular Quality: Customizable Designs
- Key Words: Bubble Free, Crystal Clear
- Materials: Epoxy Resin And Hardener
- Application: Casting, Coating And Art
- Mixing Ratio: 1:1 By Volume
- Pot Life: 40 Minutes
- Shelf Life: 12 Months
- Highlight: High Gloss Finish UV Stable Resin, Table Top UV Stable Resin

Product Description

UV-Stable Resin Formulated Pourable Resin Table Top For Outdoor

Quick Details Of Liquid Casting Resin:

Liquid casting resin stands out as a versatile medium suitable for both clear and colored applications, offering unparalleled flexibility to artisans and manufacturers. Its inherent clarity lends itself perfectly to projects requiring transparency, such as encapsulating delicate objects or crafting elegant resin jewelry pieces with a flawless, glass-like finish. Additionally, liquid casting resin's compatibility with a wide range of pigments and dyes allows for effortless customization of colors, empowering creators to achieve their desired aesthetic with precision and vibrancy. Whether seeking the subtle beauty of transparency or the bold impact of vibrant hues, liquid casting resin provides the versatility and adaptability needed to bring diverse artistic visions to life with stunning clarity and color depth, setting it apart as the ultimate medium for innovative crafting and design endeavors.

Features Of Liquid Casting Resin:

1. UV-stable resin formulated for outdoor resin garden art
2. Flexible resin optimized for making resin flexible molds
3. Brings depth and dimension to your creations
4. UV resistant, highest yellowing resistance
5. Self-leveling & high gloss finish
6. Ideal for all casting and art projects

Advantages Of Liquid Casting Resin:

Liquid casting resin refers to a type of resin specifically formulated for casting or molding purposes. It is a two-part polymer that typically consists of a liquid resin and a hardener or catalyst. When these components are combined in the correct ratio and mixed thoroughly, a chemical reaction occurs, causing the mixture to cure and solidify into a durable and clear or translucent material.

Liquid casting resin is widely used in various applications such as crafting, art, jewelry making, model building, and creating prototypes. It is known for its ability to capture fine details, produce smooth surfaces, and create intricate shapes. This resin type is versatile and allows for the addition of colorants, pigments, dyes, and additives to achieve desired effects before pouring into molds or forms for casting.

Product Descriptions Of Liquid Casting Resin:

Item	Epoxy Resin(A)	Hardener(B)
Appearance	Liquid	Liquid
Color	Transparent	Transparent
Viscosity@25°C	1800-2200 mPa·s	600-800 mPa·s
Density, g/cm ³	1.07±0.05	0.95±0.03
Mix Ratio	1:1 by volume	
Hardness	Shore, D85-90	
Pot Life	30-40mins@25°C	
Curing Time	6-8hrs@35°C, 10-15hrs@25°C 24hrs, Dry Completely	
Max Pour Depth	1-6cm max per single pour	
Shelf Life	12 Months	
Application	Ideal for all Casting, Coating and Art Projects including Cutting Boards, Coasters, Countertops, Bartop, Resin Art, Resin Jewelry, Coating Artwork and Acrylic Pour Paintings, Geode Paintings, Molds, River Tables
