

Heavy-Duty Industrial Epoxy Floor Coating High Load Bearing Capacity In Warehousing

Our Product Introduction

for more products please visit us on epoxyresinfloorcoating.com

Basic Information

- Place of Origin: DONGGUAN, CHINA
- Brand Name: CREKOAT
- Certification: TDS, MSDS
- Model Number: CK-SL5001
- Minimum Order Quantity: 500KG
- Price: US\$2.5-4.5/Kg
- Packaging Details: Bottle/Cartron/Wooden Box
- Delivery Time: 3-7 Working Days
- Payment Terms: T/T, Western Union, MoneyGram
- Supply Ability: 1000000 Ton/Year

CREKOAT

Product Specification

- Product Identification Tag: Epoxy Flooring In Pharma Industry
- Leading Trait: Superior Impact Absorption
- Key Words: Seamless, High Gloss Finish
- Materials: Epoxy Resin And Hardener
- Application: Wood, Brick, Ceramic, Concrete
- Mixing Ratio: 5:1 By Weight
- Pot Life: 30 Minutes
- Shelf Life: 12 Months
- Highlight: Warehousing Industrial Epoxy Floor Coating, High Load Industrial Epoxy Floor Coating

CREKOAT

Product Description

Heavy-Duty Industrial Epoxy Floor Coating High Load Bearing Capacity In Warehousing

Quick Details Of Industrial Epoxy Floor Coating:

In the realm of industrial flooring solutions, industrial epoxy floor coatings rise as the epitome of endurance and resilience, showcasing unparalleled performance in wear and chemical resistance. Their robust composition forms an impenetrable shield against the onslaught of heavy foot traffic, machinery movement, and mechanical abrasion, ensuring long-lasting durability and structural integrity. Furthermore, these coatings exhibit extraordinary resistance to an extensive array of chemicals commonly encountered in industrial environments, such as oils, solvents, acids, and alkalis, thereby shielding against corrosion and substrate deterioration. This exceptional chemical resilience not only prolongs the lifespan of the flooring system but also minimizes maintenance demands and associated costs. Industrial epoxy floor coatings stand as beacons of reliability and longevity, offering steadfast protection and aesthetic sophistication in the dynamic landscape of industrial settings.

Features Of Industrial Epoxy Floor Coating:

1. Epoxy floors have a high load-bearing capacity
2. Suitable for heavy-duty applications in manufacturing
3. Non-slip surface for enhanced safety
4. Easy to apply, clean and maintain surface
5. Withstand heavy equipment and machinery
6. Suitable for industries and commercial spaces

Advantages Of Industrial Epoxy Floor Coating:

Epoxy floor coating is a flooring system composed of epoxy resin and hardener that creates a strong, durable, and long-lasting surface. This coating system is highly resistant to abrasion, chemicals, and moisture, making it ideal for high-traffic areas in commercial, industrial, and residential settings. Epoxy floor coating can be customized with a variety of colors, patterns, and textures, providing a unique and decorative finish. It is easy to clean and maintain, reducing the need for harsh chemicals and providing a low-maintenance flooring solution. Epoxy floor coating is also slip-resistant, improving safety in workplaces and homes. This flooring system can be applied to a variety of substrates, including concrete, wood, and metal, providing versatility and adaptability to any space. With its durability, customization options, and low-maintenance properties, epoxy floor coating is a popular and practical choice for both residential and commercial applications.

Product Descriptions Of Industrial Epoxy Floor Coating:

Item	Epoxy Resin(A)	Hardener(B)
Appearance	Liquid	Liquid
Color	Custom Colors	Transparent
Density@25°C	1.3g/cm3	
Mix Ratio	5:1 by weight	
Hardness	3H	
Pot Life	30-40mins@25°C	
Curing Time	12-15hrs@35°C, 16-24hrs@25°C 24hrs, Dry Completely	
Recoat Time	2Hrs	
Thickness	1-5mm	
Shelf Life	12Months	
Application	Industrial Use - Garages, Warehouses, Airports and hangars. Commercial Use - Shopping malls and boutiques, Hotels, Offices, Showrooms, Restaurants, Hospitals, Schools, Bar Tops, Table Tops. Residential Use - Entrances and hallways, basements, entertainment rooms, bathrooms, kitchens and living rooms.
