

## High Build Industrial Epoxy Floor Coating Can Be Applied In Thick Coats

Our Product Introduction

for more products please visit us on [epoxyresinfloorcoating.com](http://epoxyresinfloorcoating.com)

### Basic Information

- Place of Origin: DONGGUAN, CHINA
- Brand Name: CREKOAT
- Certification: TDS, MSDS
- Model Number: CK-SL5001
- Minimum Order Quantity: 500KG
- Price: US\$2.5-4.5/Kg
- Packaging Details: Bottle/Carton/Wooden Box
- Delivery Time: 3-7 Working Days
- Payment Terms: T/T, Western Union, MoneyGram
- Supply Ability: 1000000 Ton/Year

**CREKOAT**

### Product Specification

- Commodity Identity Token: Epoxy Industrial
- Fundamental Aspect: Architectural Resilience
- Key Words: Seamless, High Gloss Finish
- Materials: Epoxy Resin And Hardener
- Application: Wood, Brick, Ceramic, Concrete
- Mixing Ratio: 5:1 By Weight
- Pot Life: 30 Minutes
- Shelf Life: 12 Months
- Highlight: **Thick Industrial Epoxy Floor Coating,  
High Build Industrial Epoxy Floor Coating**

**CREKOAT**

## Product Description

### High Build Industrial Epoxy Floor Coating Can Be Applied In Thick Coats

#### Quick Details Of Industrial Epoxy Floor Coating:

In the dynamic realm of industrial flooring, industrial epoxy floor coatings stand out as the epitome of strength and durability, showcasing exceptional performance in wear and chemical resistance. Engineered with precision, these coatings form a resilient barrier that withstands the relentless wear and tear from heavy foot traffic, machinery movement, and abrasive forces, ensuring sustained integrity and longevity. What sets them apart is their unparalleled resistance to a wide range of chemicals commonly encountered in industrial environments, including oils, solvents, acids, and alkalis, which effectively shields against corrosion and substrate degradation. This remarkable chemical resilience not only extends the lifespan of the flooring system but also reduces maintenance requirements and associated costs significantly. Industrial epoxy floor coatings serve as steadfast guardians, offering unmatched protection and aesthetic appeal in the demanding landscape of industrial settings.

#### Features Of Industrial Epoxy Floor Coating:

1. Providing greater durability and protection
2. High build coatings, can be applied in thick coats
3. Non-slip surface for enhanced safety
4. Easy to apply, clean and maintain surface
5. Withstand heavy equipment and machinery
6. Suitable for industries and commercial spaces

#### Advantages Of Industrial Epoxy Floor Coating:

Epoxy floor coating is a flooring system composed of epoxy resin and hardener that creates a strong, durable, and long-lasting surface. This coating system is highly resistant to abrasion, chemicals, and moisture, making it ideal for high-traffic areas in commercial, industrial, and residential settings. Epoxy floor coating can be customized with a variety of colors, patterns, and textures, providing a unique and decorative finish. It is easy to clean and maintain, reducing the need for harsh chemicals and providing a low-maintenance flooring solution. Epoxy floor coating is also slip-resistant, improving safety in workplaces and homes. This flooring system can be applied to a variety of substrates, including concrete, wood, and metal, providing versatility and adaptability to any space. With its durability, customization options, and low-maintenance properties, epoxy floor coating is a popular and practical choice for both residential and commercial applications.

#### Product Descriptions Of Industrial Epoxy Floor Coating:

Item	Epoxy Resin(A)	Hardener(B)
Appearance	Liquid	Liquid
Color	Custom Colors	Transparent
Density@25°C	1.3g/cm3	
Mix Ratio	5:1 by weight	
Hardness	3H	
Pot Life	30-40mins@25°C	
Curing Time	12-15hrs@35°C, 16-24hrs@25°C 24hrs, Dry Completely	
Recoat Time	2Hrs	
Thickness	1-5mm	
Shelf Life	12Months	
Application	Industrial Use - Garages, Warehouses, Airports and hangars. Commercial Use - Shopping malls and boutiques, Hotels, Offices, Showrooms, Restaurants, Hospitals, Schools, Bar Tops, Table Tops. Residential Use - Entrances and hallways, basements, entertainment rooms, bathrooms, kitchens and living rooms.
