

Extremely Durable Polyaspartic Floor Coating Good Option For Outdoor Application

Our Product Introduction

for more products please visit us on epoxyresinfloorcoating.com

Basic Information

- Place of Origin: DONGGUAN, CHINA
- Brand Name: CREKOAT
- Certification: TDS, MSDS
- Model Number: CK-PLS1001
- Minimum Order Quantity: 500KG
- Price: US\$8.5-12.5/Kg
- Packaging Details: Bottle/Cartron/Wooden Box
- Delivery Time: 3-7 Working Days
- Payment Terms: T/T, Western Union, MoneyGram
- Supply Ability: 1000000 Ton/Year

Product Specification

- Brand Insignia: Epoxy And Polyaspartic
- Central Element: Protective Layer
- Key Words: Interior And Exterior Use
- Materials: 90% Solid Polyaspartic
- Application: Wood, Ceramic Tile, Concrete
- Mixing Ratio: 1:1 By Weight
- Pot Life: 40 Minutes
- Shelf Life: 12 Months
- Highlight: **Outdoor Polyaspartic Floor Coating,
Durable Polyaspartic Floor Coating,
Good Polyaspartic Floor Coating**

Product Description

Extremely Durable Polyaspartic Floor Coating Good Option For Outdoor Application

Quick Details Of Polyaspartic Floor Coating:

Polyaspartic coatings distinguish themselves with their exceptional versatility and application flexibility. Unlike other coatings, they can be applied in a wide range of temperatures, making them suitable for various climates and environments. This adaptability allows for year-round application, even in extreme hot or cold conditions. Additionally, polyaspartic coatings offer a rapid return-to-service time, allowing for quick project completion and minimal disruption. Their fast curing properties enable light use within hours, reducing downtime and maximizing productivity. Moreover, polyaspartic coatings exhibit excellent adhesion to different substrates, including concrete, steel, and existing coatings, ensuring a strong and durable bond. With their versatility, fast turnaround, and strong adhesion, polyaspartic coatings are a superior choice for projects that demand quick application and long-lasting performance.

Features Of Polyaspartic Floor Coating:

1. Extremely durable and a good option for outdoor application
2. With a grit additive that provides slip resistance
3. Maintains clarity and appearance without yellowing
4. Easy to apply, clean and maintain
5. Naturally de-foaming with no ripples
6. Durable, high gloss, water resistant

Advantages Of Polyaspartic Floor Coating:

Polyaspartic flooring offers many advantages over other flooring systems. Its fast-curing properties make it possible to install and finish a floor in as little as one day, reducing downtime and improving productivity. It is highly durable and resistant to abrasion, chemicals, and UV rays, making it a long-lasting and low-maintenance flooring solution. Polyaspartic flooring can be customized with a variety of colors, patterns, and textures, providing endless design possibilities. It is also slip-resistant, improving safety in workplaces and homes. This flooring system is suitable for a variety of applications, including garages, showrooms, hospitals, schools, and even airplane hangars. With its combination of speed, durability, customization options, and low-maintenance features, polyaspartic flooring is a practical and stylish choice for both commercial and residential applications.

Product Descriptions Of Polyaspartic Floor Coating:

Item	Polyaspartic Resin(A)	Hardener(B)
Appearance	Liquid	Liquid
Color	Transparent	Transparent
Viscosity@25°C	600-800 cps	50-150 cps
Density, g/cm3	1.07±0.05	0.95±0.03
Mix Ratio	1:1 by weight	
Hardness	Shore, D75-80	
Pot Life	30-40mins@25°C	
Curing Time	8-12hrs@35°C, 16-24hrs@25°C 24hrs, Dry Completely	
Recoat Time	2 Hrs	
Thickness	1-3 mm	
Shelf Life	12 Months	
Application	Industrial Use - Garages, Warehouses, Airports and hangars. Commercial Use - Shopping malls and boutiques, Hotels, Offices, Showrooms, Restaurants, Hospitals, Schools, Bar Tops, Table Tops. Residential Use - Entrances and hallways, basements, entertainment rooms, bathrooms, kitchens and living rooms.
