

Scratch-Resistant Metallic Epoxy Floor Coating Excellent Adhesion To Various Substrates

Our Product Introduction

for more products please visit us on epoxyresinfloorcoating.com

Basic Information

- Place of Origin: DONGGUAN, CHINA
- Brand Name: CREKOAT
- Certification: TDS, MSDS
- Model Number: CK-MTL2001
- Minimum Order Quantity: 500KG
- Price: US\$3.2-4.5/Kg
- Packaging Details: Bottle/Cartron/Pallet
- Delivery Time: 3-7 Working Days
- Payment Terms: T/T
- Supply Ability: 1000 Ton/Month

Product Specification

- Inventory Title: Metallic Floor Covering
- Uncommon Trait: Non-Slip
- Key Words: High-Gloss Finish
- Materials: 100% Solids Epoxy
- Application: Wood, Tile, Concrete
- Mixing Ratio: 2:1 By Weight
- Pot Life: 40 Minutes
- Shelf Life: 12 Months
- Highlight:
 - Various Substrates Metallic Epoxy Floor Coating
 - Excellent Adhesion Metallic Epoxy Floor Coating
 - Scratch Resistant Metallic Epoxy Floor Coating

Product Description

Scratch-Resistant Metallic Epoxy Floor Coating Excellent Adhesion To Various Substrates

Quick Details Of Metallic Epoxy Floor Coating:

In the realm of flooring options, traditional epoxy flooring and metallic epoxy flooring showcase notable differences in both aesthetics and practicality. Traditional epoxy floors typically feature solid colors or speckled patterns, emphasizing durability and function. In contrast, metallic epoxy flooring offers a visually captivating marbled effect with a glossy metallic sheen, achieved by blending metallic pigments into clear epoxy resin and creatively manipulating them during installation to produce stunning visual effects. While traditional epoxy flooring is favored for its robustness and versatility, metallic epoxy flooring stands out for its artistic expression and customization, making it a premium choice for those seeking a luxurious and visually impactful flooring solution that adds a touch of sophistication to any space.

Features Of Metallic Epoxy Floor Coating:

1. Scratch-resistant coatings
2. Excellent adhesion to various substrates
3. Customizable colors and patterns
4. Easy to apply, clean and maintain
5. Naturally de-foaming with no ripples
6. Decorative marble appearance flooring

Advantages Of Metallic Epoxy Floor Coating:

Metallic epoxy floor coating is a low yellowing epoxy resin mixed with metallic pigments. Tiny, shimmering pigments are mixed into the epoxy and poured onto the floor or substrate. When these paints are stirred by a brush or roller, they gather, separate, twist and reflect light at different angles. Eventually, the epoxy hardens and the metallic pigments lock into place, giving them a three-dimensional, swirly appearance. Metallic epoxy floor coatings are not only look beautiful, but can meet all your performance needs. They are perfect for living rooms, office, restaurants, galleries and more.

Product Descriptions Of Metallic Epoxy Floor Coating:

Item	Epoxy Resin(A)	Hardener(B)
Appearance	Liquid	Liquid
Color	Transparent	Transparent
Viscosity@25°C	700-900 mPa.s	300-500 mPa.s
Density, g/cm ³	1.05±0.05	0.95±0.03
Mix Ratio	2:1 by weight	
Hardness	Shore, D80-85	
Pot Life	30-40mins@25°C	
Curing Time	6-8hrs@35°C, 10-15hrs@25°C 24hrs, Dry Completely	
Recoat Time	2Hrs	
Thickness	1-3 mm	
Shelf Life	12 Months	
Application	Industrial Use - Garages, Warehouses, Airports and hangars. Commercial Use - Shopping malls and boutiques, Hotels, Offices, Showrooms, Restaurants, Hospitals, Schools, Bar Tops, Table Tops. Residential Use - Entrances and hallways, basements, entertainment rooms, bathrooms, kitchens and living rooms.
