

Low VOC Metallic Epoxy Floor Coating Customizable Patterns And Designs

Our Product Introduction

Basic Information

- Place of Origin: DONGGUAN, CHINA
- Brand Name: CREKOAT
- Certification: TDS, MSDS
- Model Number: CK-MTL2001
- Minimum Order Quantity: 500KG
- Price: US\$3.2-4.5/Kg
- Packaging Details: Bottle/Cartron/Pallet
- Delivery Time: 3-7 Working Days
- Payment Terms: T/T
- Supply Ability: 1000 Ton/Month

Product Specification

- Stock Name: Metallic Epoxy Products
- Bespoke Element: Reflective Depth
- Key Words: High-Gloss Finish
- Materials: 100% Solids Epoxy
- Application: Wood, Tile, Concrete
- Mixing Ratio: 2:1 By Weight
- Pot Life: 40 Minutes
- Shelf Life: 12 Months
- Highlight: Customizable Patterns Metallic Epoxy Floor Coating
, Low VOC Metallic Epoxy Floor Coating,
Gloss Finish Metallic Epoxy Floor Coating

Product Description

Low VOC Metallic Epoxy Floor Coating Customizable Patterns And Designs

Quick Details Of Metallic Epoxy Floor Coating:

In the realm of flooring options, traditional epoxy flooring and metallic epoxy flooring diverge significantly in both appearance and application. Traditional epoxy floors typically feature solid colors or speckled designs, known for their durability and practicality in a variety of settings. In contrast, metallic epoxy flooring offers a visually stunning marbled effect with a glossy metallic finish, achieved by blending metallic pigments into clear epoxy resin and artistically manipulating them during installation to create intricate patterns and visual depth. While traditional epoxy flooring emphasizes resilience and versatility, metallic epoxy flooring stands out for its artistic flair and customization options, making it a premium choice for individuals seeking a high-end, visually striking flooring solution that enhances the atmosphere of any space.

Features Of Metallic Epoxy Floor Coating:

1. Low volatile organic compound (VOC) emissions
2. Customizable patterns and designs
3. Customizable colors and patterns
4. Easy to apply, clean and maintain
5. Naturally de-foaming with no ripples
6. Decorative marble appearance flooring

Advantages Of Metallic Epoxy Floor Coating:

Metallic epoxy floor coating is a low yellowing epoxy resin mixed with metallic pigments. Tiny, shimmering pigments are mixed into the epoxy and poured onto the floor or substrate. When these paints are stirred by a brush or roller, they gather, separate, twist and reflect light at different angles. Eventually, the epoxy hardens and the metallic pigments lock into place, giving them a three-dimensional, swirly appearance. Metallic epoxy floor coatings are not only look beautiful, but can meet all your performance needs. They are perfect for living rooms, office, restaurants, galleries and more.

Product Descriptions Of Metallic Epoxy Floor Coating:

| Item | Epoxy Resin(A) | Hardener(B) |
|----------------|---|---------------|
| Appearance | Liquid | Liquid |
| Color | Transparent | Transparent |
| Viscosity@25°C | 700-900 mPa.s | 300-500 mPa.s |
| Density, g/cm3 | 1.05±0.05 | 0.95±0.03 |
| Mix Ratio | 2:1 by weight | |
| Hardness | Shore, D80-85 | |
| Pot Life | 30-40mins@25°C | |
| Curing Time | 6-8hrs@35°C, 10-15hrs@25°C 24hrs, Dry Completely | |
| Recoat Time | 2Hrs | |
| Thickness | 1-3 mm | |
| Shelf Life | 12 Months | |
| Application | Industrial Use - Garages, Warehouses, Airports and hangars. Commercial Use - Shopping malls and boutiques, Hotels, Offices, Showrooms, Restaurants, Hospitals, Schools, Bar Tops, Table Tops.
