

## Non-Yellowing Metallic Epoxy Floor Coating Waterproof And Moisture-Resistant

Our Product Introduction

for more products please visit us on [epoxyresinfloorcoating.com](http://epoxyresinfloorcoating.com)

### Basic Information

- Place of Origin: DONGGUAN, CHINA
- Brand Name: CREKOAT
- Certification: TDS, MSDS
- Model Number: CK-MTL2001
- Minimum Order Quantity: 500KG
- Price: US\$3.2-4.5/Kg
- Packaging Details: Bottle/Cartron/Pallet
- Delivery Time: 3-7 Working Days
- Payment Terms: T/T
- Supply Ability: 1000 Ton/Month

### Product Specification

- Brand Title: Metallic Epoxy Floor Outdoor
- Individual Highlight: Waterproof Protection
- Key Words: High-Gloss Finish
- Materials: 100% Solids Epoxy
- Application: Wood, Tile, Concrete
- Mixing Ratio: 2:1 By Weight
- Pot Life: 40 Minutes
- Shelf Life: 12 Months
- Highlight: **Moisture-Resistant Metallic Epoxy Floor Coating**  
**, Non-Yellowing Metallic Epoxy Floor Coating,**  
**Waterproof Metallic Epoxy Floor Coating**

## Product Description

### Non-Yellowing Metallic Epoxy Floor Coating Waterproof And Moisture-Resistant

#### Quick Details Of Metallic Epoxy Floor Coating:

In the world of flooring options, traditional epoxy flooring and metallic epoxy flooring stand apart in their visual impact and design possibilities. Traditional epoxy floors often sport solid colors or speckled patterns, prized for their durability and practicality in diverse settings. In contrast, metallic epoxy flooring offers a dazzling marbled effect with a glossy metallic sheen, achieved by blending metallic pigments into clear epoxy resin and skillfully manipulating them during installation to create intricate patterns and visual depth. While traditional epoxy flooring is celebrated for its resilience and versatility, metallic epoxy flooring shines for its artistic flair and customization options, making it a premium choice for those seeking a luxurious and visually striking flooring solution that elevates the ambiance of any space.

#### Features Of Metallic Epoxy Floor Coating:

1. Waterproof and moisture-resistant
2. Non-yellowing formula for long-term clarity
3. Customizable colors and patterns
4. Easy to apply, clean and maintain
5. Naturally de-foaming with no ripples
6. Decorative marble appearance flooring

#### Advantages Of Metallic Epoxy Floor Coating:

Metallic epoxy floor coating is a low yellowing epoxy resin mixed with metallic pigments. Tiny, shimmering pigments are mixed into the epoxy and poured onto the floor or substrate. When these paints are stirred by a brush or roller, they gather, separate, twist and reflect light at different angles. Eventually, the epoxy hardens and the metallic pigments lock into place, giving them a three-dimensional, swirly appearance. Metallic epoxy floor coatings are not only look beautiful, but can meet all your performance needs. They are perfect for living rooms, office, restaurants, galleries and more.

#### Product Descriptions Of Metallic Epoxy Floor Coating:

Item	Epoxy Resin(A)	Hardener(B)
Appearance	Liquid	Liquid
Color	Transparent	Transparent
Viscosity@25°C	700-900 mPa.s	300-500 mPa.s
Density, g/cm3	1.05±0.05	0.95±0.03
Mix Ratio	2:1 by weight	
Hardness	Shore, D80-85	
Pot Life	30-40mins@25°C	
Curing Time	6-8hrs@35°C, 10-15hrs@25°C 24hrs, Dry Completely	
Recoat Time	2Hrs	
Thickness	1-3 mm	
Shelf Life	12 Months	
Application	Industrial Use - Garages, Warehouses, Airports and hangars. Commercial Use - Shopping malls and boutiques, Hotels, Offices, Showrooms, Restaurants, Hospitals, Schools, Bar Tops, Table Tops. Residential Use - Entrances and hallways, basements, entertainment rooms, bathrooms, kitchens and living rooms.
