## Product Description

### Multi-Layer Epoxy Flake Floor Coating Featuring UV Stability For Indoor And Outdoor Use

#### Quick Details Of Epoxy Flake Floor Coating:

When it comes to selecting floor coatings, epoxy flake floor coatings differ significantly from other types. Renowned for their unique decorative appearance and customizable multicolored flakes, epoxy flake coatings offer exceptional durability against stains, chemicals, impact, and abrasion. The distinctive texture enhances traction on the floor surface, reducing the risk of slips. Additionally, epoxy flake floor coatings boast high levels of customization in color combinations and pattern designs, with some products even featuring UV stability for indoor and outdoor use. Compared to other floor coatings, the multi-layer application process of epoxy flake coatings is more complex but results in a resilient finish, making them a versatile and visually appealing choice for various spaces.

#### Features Of Epoxy Flake Floor Coating:

1. Easy to clean and maintain
2. Offers a decorative finish
3. Enhances safety with slip-resistant properties
4. Easy to apply, clean and maintain
5. Naturally de-foaming with no ripples
6. Durable, high gloss, water resistant

#### Advantages Of Epoxy Flake Floor Coating:

Epoxy Flake Floor Coating is a highly-durable floor coating application that incorporates a double broadcast of colored flakes chips with epoxy resin and polyaspartic coatings. The system provides flooring solutions for the most demanding heavy-traffic environments, specifically in areas that require significant traction. The durable and stunning appearance that comes from this epoxy finish will endure for many years to come, with minimal or no maintenance other than regular cleaning using mild cleaning products. UV stable epoxy flake coating offers seamless, safe, highly durable, and easy to clean solutions to meet the most demanding flooring challenges.
