Product Description

Customizable Epoxy Decorative Flakes With Non-Slip Additives For Improved Safety

Quick Details Of Epoxy Flake Floor Coating:

Epoxy flake floor coatings set themselves apart with their personalized multicolored flakes, outstanding durability against stains and impacts, textured surface for improved traction, a diverse range of options for color and design customization, UV stability, and a meticulous application process that includes multiple layers. This unique amalgamation positions epoxy flake coatings as a top-tier option for long-lasting, visually striking, and adaptable flooring solutions that cater to a variety of design preferences and environmental considerations, establishing a standard of excellence in both performance and aesthetic sophistication.

Features Of Epoxy Flake Floor Coating:

1. Non-slip additives for improved safety
2. Customizable thickness levels for specific needs
3. Enhances safety with slip-resistant properties
4. Easy to apply, clean and maintain
5. Naturally de-foaming with no ripples
6. Durable, high gloss, water resistant

Advantages Of Epoxy Flake Floor Coating:

Epoxy flake floor coating is a highly-durable floor coating application that incorporates a double broadcast of colored flakes chips with epoxy resin and polyaspartic coatings. The system provides flooring solutions for the most demanding heavy-traffic environments, specifically in areas that require significant traction. The durable and stunning appearance that comes from this epoxy finish will endure for many years to come, with minimal or no maintenance other than regular cleaning using mild cleaning products. UV stable epoxy flake coating offers seamless, safe, highly durable, and easy to clean solutions to meet the most demanding flooring challenges.
