## Product Description

### UV Resistance Epoxy Chip Floor With Wide Range Of Choices For Color And Design

#### Quick Details Of Epoxy Flake Floor Coating:

Epoxy flake floor coatings distinguish themselves with their customized multicolored flakes, exceptional durability against stains and impacts, textured surface for enhanced traction, a wide range of choices for color and design personalization, UV resistance, and a detailed application process involving multiple layers. This distinctive combination positions epoxy flake coatings as a premium choice for enduring, visually captivating, and versatile flooring solutions that address a variety of design preferences and environmental requirements, establishing a high standard for both performance and aesthetic sophistication.

#### Features Of Epoxy Flake Floor Coating:

1. Anti-microbial properties for hygienic environments
2. Flake size options for varying texture effects
3. Enhances safety with slip-resistant properties
4. Easy to apply, clean and maintain
5. Naturally de-foaming with no ripples
6. Durable, high gloss, water resistant

#### Advantages Of Epoxy Flake Floor Coating:

Epoxy flake floor coating is a highly-durable floor coating application that incorporates a double broadcast of colored flakes chips with epoxy resin and polyaspartic coatings. The system provides flooring solutions for the most demanding heavy-traffic environments, specifically in areas that require significant traction. The durable and stunning appearance that comes from this epoxy finish will endure for many years to come, with minimal or no maintenance other than regular cleaning using mild cleaning products. UV stable epoxy flake coating offers seamless, safe, highly durable, and easy to clean solutions to meet the most demanding flooring challenges.
