Anti-Static Industrial Epoxy Floor Coating For Electronics Manufacturing **Environments**

Basic Information

- Place of Origin:
- Brand Name:
- Certification:
- Model Number:
- Minimum Order Quantity: 500KG
- Price:
- · Packaging Details:
- Delivery Time:
- Payment Terms: T/T
- Supply Ability:

CREKOAT

Product Specification

- Merchandise Tag:
- Distinguishing Highlight:
- . Key Words:
- Materials:
- Application:
- Mixing Ratio:
- Pot Life:
- Shelf Life:
- Highlight:

- PU Epoxy Flooring
- Low Shrinkage
- Seamless, High Gloss Finish
- Epoxy Resin And Hardener
- Wood, Tile, Concrete
- 5:1 By Weight
- 30 Minutes
- 12 Months
 - **Electronics Manufacturing Environments Epoxy** Floor Coating , Anti-Static Epoxy Floor Coating, Industrial Epoxy Floor Coating

Our Product Introduction

Anti-Static Industrial Epoxy Floor Coating For Electronics Manufacturing Environments

Quick Details Of Industrial Epoxy Floor Coating:

Industrial epoxy floor coatings, enhanced with state-of-the-art materials such as recycled rubber particles or bio-based polymers, amplify slip resistance by crafting a unique surface texture that enhances grip. This progressive formulation not only reduces slip hazards, especially in damp conditions, but also sets a new benchmark for sustainability and safety standards. Adhering to precise application techniques and regular maintenance routines is essential to uphold the efficiency and durability of these advanced slip-resistant characteristics.

Features Of Industrial Epoxy Floor Coating:

- 1. Can be solvent-based or water-based
- 2. Self-leveling for a smooth surface
- 3. Non-slip surface for enhanced safety
- 4. Easy to apply, clean and maintain surface
- 5. Withstand heavy equipment and machinery
- 6. Suitable for industries and commercial spaces

Advantages Of Industrial Epoxy Floor Coating:

Industrial Epoxy floor coating is a flooring system composed of epoxy resin and hardener that creates a strong, durable, and long-lasting surface. Resistant to abrasion, chemicals, and moisture, it's perfect for high-traffic areas in commercial, industrial, and residential spaces. Customizable in colors and patterns for a decorative touch, it's easy to maintain without harsh chemicals. Slip-resistant for safety, it suits various substrates like concrete, wood, and metal, offering versatility. With its durability, customization options, and low-maintenance properties, epoxy floor coating is a popular and practical choice for both residential and commercial applications.

Product Descriptions Of Industrial Epoxy Floor Coating:

Item	Epoxy Resin(A)	Hardener(B)
Appearance	Liquid	Liquid
Color	Custom Colors	Transparent
Density@25ºC	1.3g/cm3	
Mix Ratio	5:1 by weight	
Hardness	3Н	
Pot Life	30-40mins@25°C	
Curing Time	8-10hrs@35°C, 15-20hrs@25°C	
	24hrs, Dry Completely	
Recoat Time	2 Hrs	
Thickness	1-3 mm	
Shelf Life	12 Months	
Application	Industrial Use - Garages, Warehouses, Airports and hangars. Commercial Use - Shopping malls and boutiques, Hotels, Offices, Showrooms, Restaurants, Hospitals, Schools, Bar Tops, Table Tops. Residential Use - Entrances and hallways, basements, entertainment rooms, bathrooms, kitchens and living rooms.
