

## UV Stability Deep Pour Epoxy Resin Glossy Finish For Luxurious Appearance

### Our Product Introduction

for more products please visit us on [epoxyresinfloorcoating.com](http://epoxyresinfloorcoating.com)

#### Basic Information

- Place of Origin: CHINA
- Brand Name: CREKOAT
- Certification: TDS, MSDS
- Model Number: CK-DP2001
- Minimum Order Quantity: 500KG
- Price: US\$3.5-4.8/Kg
- Packaging Details: Bottle/Cartron/Pallet
- Delivery Time: 3-7 Working Days
- Payment Terms: T/T
- Supply Ability: 1000 Ton/Month

**CREKOAT**

#### Product Specification

- Labeling Marker: Clear Epoxy Resin Pour
- Specialized Characteristic: Enhanced UV Stability
- Key Words: Bubble Free, Crystal Clear
- Materials: 100% Solids Epoxy Resin
- Application: Casting, Coating And Art
- Mixing Ratio: 2:1 By Weight
- Pot Life: 60 Minutes
- Shelf Life: 12 Months
- Highlight: **Luxurious Appearance Deep Pour Epoxy Resin,  
Glossy Finish Deep Pour Epoxy Resin,  
UV Stability Deep Pour Epoxy Resin**

**CREKOAT**

## Product Description

### UV Stability Deep Pour Epoxy Resin Glossy Finish For A Luxurious Appearance

#### Quick Details Of Deep Pour Epoxy Resin:

Distinguished by its innovative features, deep pour epoxy resin emerges as a groundbreaking medium that empowers creators to embark on ambitious projects with intricate designs. Through its advanced pouring techniques, it captures dynamic movements and depths, transcending traditional boundaries of resin artistry. Tailored formulations cater to specialized applications, facilitating the creation of captivating effects such as realistic underwater realms and fantastical landscapes in furniture and art pieces. Celebrated for its exceptional durability and resistance to environmental elements, it beckons artists and craftsmen to explore new realms of creativity. Its versatility in incorporating a diverse array of materials—from organic textures to industrial elements—positions it as the premier choice for those seeking to revolutionize and redefine the possibilities of resin-based creations.

#### Features Of Deep Pour Epoxy Resin:

1. Anti-static surface for dust prevention
2. Glossy finish for a luxurious appearance
3. Brings depth and dimension to your creations
4. UV resistant, highest yellowing resistance
5. Low shrinkage rates for precise applications
6. Ideal for all casting and art projects

#### Advantages Of Deep Pour Epoxy Resin:

Deep Pour epoxy is a two part, crystal clear deep casting resin that is design for projects that require pouring thickness exceeding 2 ". Its convenient formula requires a 2:1 ratio, which will result in stunning projects with glass like finishes. You can even pour multiple thick layers with a depth over 2 inches. Customize your crafts with vibrant colors, such as glitter, mica powder, liquid dye and more! Deep Pour epoxy resin is perfect for a variety of unique projects, from river tables, live edge tables, furniture making, flower encapsulations and embedding, service trays, and so much more!

#### Product Descriptions Of Deep Pour Epoxy Resin:

| Item           | Epoxy Resin(A)  | Hardener(B)   |
|----------------|---|---------------|
| Appearance     | Liquid  | Liquid        |
| Color          | Transparent   | Transparent   |
| Viscosity@25°C | 400-500 mPa·s   | 200-300 mPa·s |
| Density, g/cm3 | 1.07±0.05   | 0.95±0.03     |
| Mix Ratio      | 2:1 by weight   |               |
| Hardness       | Shore, D85-90   |               |
| Pot Life       | 50-60mins@25°C  |               |
| Curing Time    | 10-15hrs@35°C, 20-24hrs@25°C<br>24hrs, Dry Completely   |               |
| Recoat Time    | 2Hrs  |               |
| Max Pour Depth | 5-10cm  |               |
| Shelf Life     | 12 Months   |               |
| Application    | Ideal for all Casting, Coating and Art Projects including Cutting Boards, Coasters, Countertops, Bartop, Resin Art, Resin Jewelry, Coating Artwork and Acrylic Pour Paintings, Geode Paintings, Molds, River Tables |               |
