

Industrial Epoxy Floor Coating Self-Leveling Creates Smooth Mirror-Like Finish

Our Product Introduction

for more products please visit us on epoxyresinfloorcoating.com

Basic Information

- Place of Origin: CHINA
- Brand Name: CREKOAT
- Certification: TDS, MSDS
- Model Number: CK-SL5001
- Minimum Order Quantity: 500KG
- Price: US\$2.5-3.8/Kg
- Packaging Details: Bottle/Carton/Pallet
- Delivery Time: 3-7 Working Days
- Payment Terms: T/T
- Supply Ability: 1000 Ton/Month

Product Specification

- Product Listing: Industrial Epoxy Flooring
- Technical Indicator: Heat Resistant
- Key Words: Durable Surface
- Materials: High Solids Epoxy
- Application: Wood, Tile, Concrete
- Mixing Ratio: 5:1 By Weight
- Pot Life: 30 Minutes
- Shelf Life: 12 Months
- Highlight: Industrial Epoxy Floor Coating,
Industrial Epoxy Floor Coating Self-Leveling

Product Description

Industrial Epoxy Floor Coating Self-Leveling Creates Smooth Mirror-Like Finish

Quick Details Of Industrial Epoxy Floor Coating:

Industrial epoxy floor coatings provide tailored solutions combining durability with functional design. These systems offer customizable thickness (0.5-10mm) and specialized textures - from non-slip finishes to directional patterns that optimize workflow. Unique cove base integrations create seamless, hygienic transitions in cleanrooms and food facilities, while low-odor formulas allow installation with minimal disruption. Maintaining excellent chemical resistance (pH 1-14) and 10+ year durability, these coatings also incorporate practical features like subtle embossing to mask imperfections and custom branding options. The result is high-performance flooring that enhances both facility operations and user experience.

Features Of Industrial Epoxy Floor Coating:

1. Self-leveling formula creates a perfectly smooth, mirror-like finish
2. Contains quartz sand reinforcement for ultra-high load-bearing capacity
3. Non-slip surface for enhanced safety
4. Easy to apply, clean and maintain surface
5. Withstand heavy equipment and machinery
6. Suitable for industries and commercial spaces

Advantages Of Industrial Epoxy Floor Coating:

Industrial epoxy floor coatings offer exceptional durability, chemical resistance, and long-term cost savings, making them ideal for high-traffic facilities. Their seamless, non-porous surface resists oils, acids, and abrasions while ensuring easy cleaning and maintenance. With high adhesion strength and customizable finishes (anti-slip, UV-resistant, or decorative), they enhance safety and aesthetics. Epoxy floors also feature fast curing times, minimizing downtime, and can withstand heavy loads, making them perfect for factories, warehouses, and garages. Low-VOC options provide eco-friendly solutions without compromising performance.

Product Descriptions Of Industrial Epoxy Floor Coating:

Item	Epoxy Resin(A)	Hardener(B)
Appearance	Liquid	Liquid
Color	Custom Colors	Transparent
Density@25°C	1.3g/cm3	
Mix Ratio	5:1 by weight	
Hardness	3H	
Pot Life	30-40mins@25°C	
Curing Time	8-10hrs@35°C, 15-20hrs@25°C 24hrs, Dry Completely	
Recoat Time	2Hrs	
Thickness	1-5mm	
Shelf Life	12 Months	
Application	Industrial Use - Garages, Warehouses, Airports and hangars. Commercial Use - Shopping malls and boutiques, Hotels, Offices, Showrooms, Restaurants, Hospitals, Schools, Bar Tops, Table Tops. Residential Use - Entrances and hallways, basements, entertainment rooms, bathrooms, kitchens and living rooms.
