

Solvent-Based Epoxy Floor Primer With Ultra-Deep Penetration Technology

Our Product Introduction

for more products please visit us on epoxyresinfloorcoating.com

Basic Information

- Place of Origin: CHINA
- Brand Name: CREKOAT
- Certification: TDS, MSDS
- Model Number: CK-PM1001
- Minimum Order Quantity: 500KG
- Price: US\$2.5-3.8/Kg
- Packaging Details: Bottle/Carton/Pallet
- Delivery Time: 3-7 Working Days
- Payment Terms: T/T
- Supply Ability: 1000 Ton/Month

Product Specification

- Product Type: Epoxy Flooring Systems
- Quintessentials: Industrial-Grade Toughness
- Key Words: Durable Surface
- Materials: High Solids Epoxy
- Application: Wood, Tile, Concrete
- Mixing Ratio: 1:1 By Weight
- Pot Life: 30 Minutes
- Shelf Life: 12 Months

Product Description

Solvent-Based Epoxy Floor Primer With Ultra-Deep Penetration Technology

Quick Details Of Industrial Epoxy Floor Coating:

Our epoxy floor primer goes beyond standard formulations with ultra-deep penetration technology that bonds 30% stronger to porous and low-strength concrete, while its flexible polymer matrix resists microcracking under heavy loads. Unlike typical primers, it features active moisture control, allowing application even on freshly cured concrete (≤ 48 hours) without blistering risks. The self-leveling formula minimizes brush marks for smoother topcoat finishes, and its UV-stable hybrid composition (solvent/water blend) delivers both the penetration of solvent-based and the eco-friendliness of water-based options. With a wide temperature tolerance (5°C – 45°C), it ensures reliable curing in extreme climates—making it the ideal choice for demanding industrial floors, high-traffic warehouses, and decorative polished epoxy systems.

Features Of Industrial Epoxy Floor Coating:

1. Suitable for manufacturing, warehousing, commercial spaces
2. Anti-static formula for electronics manufacturing facilities
3. Non-slip surface for enhanced safety
4. Easy to apply, clean and maintain surface
5. Withstand heavy equipment and machinery
6. Suitable for industries and commercial spaces

Advantages Of Industrial Epoxy Floor Coating:

Industrial epoxy floor coatings offer exceptional durability, chemical resistance, and long-term cost savings, making them ideal for high-traffic facilities. Their seamless, non-porous surface resists oils, acids, and abrasions while ensuring easy cleaning and maintenance. With high adhesion strength and customizable finishes (anti-slip, UV-resistant, or decorative), they enhance safety and aesthetics. Epoxy floors also feature fast curing times, minimizing downtime, and can withstand heavy loads, making them perfect for factories, warehouses, and garages. Low-VOC options provide eco-friendly solutions without compromising performance.

Product Descriptions Of Industrial Epoxy Floor Coating:

Item	Epoxy Resin(A)	Hardener(B)
Appearance	Liquid	Liquid
Color	Transparent	Brown
Density@25°C	1.3g/cm ³	
Mix Ratio	1:1 by weight	
Hardness	3H	
Pot Life	30-40mins@25°C	
Curing Time	4-8hrs@35°C, 10-15hrs@25°C 24hrs, Dry Completely	
Recoat Time	2Hrs	
Thickness	1-5mm	
Shelf Life	12 Months	
Application	Industrial Use - Garages, Warehouses, Airports and hangars. Commercial Use - Shopping malls and boutiques, Hotels, Offices, Showrooms, Restaurants, Hospitals, Schools, Bar Tops, Table Tops. Residential Use - Entrances and hallways, basements, entertainment rooms, bathrooms, kitchens and living rooms.
