

Customizable Color Epoxy Floor Coating with 5:1 Mix Ratio and 12 Months Shelf Life for Industrial Use

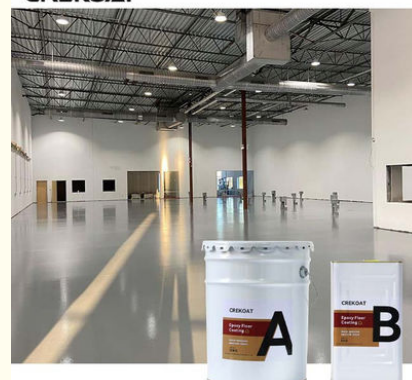

Our Product Introduction

for more products please visit us on epoxyresinfloorcoating.com

Basic Information

- Certification: ISO14001, CCC, RoHS, ISO9001
- Minimum Order Quantity: 100
- Price: 3.5

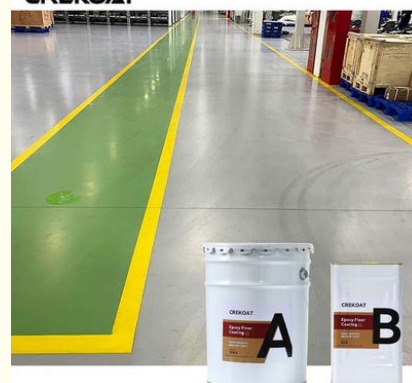

CREKOAT

Product Specification

- Model NO.: CK-SL5001
- Color: Customized
- Appearance: Liquid
- Main Raw Material: Epoxy
- Method: Roller
- Level: Finish Coat
- Drying Method: Air Drying
- Substrate: Cement Base
- Components: Pigment
- Formation Mechanism: Conversion Type
- Mix Ratio: 5:1 By Weight
- Shelf Life: 12 Months
- Finish Type: High Gloss
- Specification: 20Kg/Bucket
- Hardness: 3H

Product Description

Chemical Resistance Epoxy Resin for Factory Forklifts and Trucks

Epoxy Floor Coatings provide a fast-drying, tough, and protective coating for concrete, metals, and other materials, offering resistance to chemicals such as acids. This makes epoxy suitable for coating floors exposed to medium and heavy loads in storage areas, warehouses, and production facilities. When used in flooring applications, epoxy coatings create durable, long-lasting solutions with decorative, high-gloss finishes available in various colors.

Key Features

- Seamless, high gloss finish
- Resistant to stains and water
- Durable, tough, and strong
- Fast application, cures in 24 hours
- Easy to clean, maintenance free
- Withstands heavy use and mechanical loads

Product Advantages

Epoxy flooring is ideal for surfaces that must withstand extreme temperatures, heavy foot and machine traffic, chemicals, oil, and other fluids without peeling or corroding. Its seamless application eliminates joints and ridges, creating a more sanitary surface that's easier to clean and prevents bacteria accumulation. The smooth surface allows for easy movement of hospital gurneys or forklifts without resistance from floor imperfections.

Technical Specifications

Item	Epoxy Resin(A)	Epoxy Hardener(B)
Appearance	Liquid	Liquid
Color	Custom Colors	Clear
Density@25°C	1.3g/cm3	
Mix Ratio	5:1 by weight	
Hardness	3H	
Pot Life	30-40mins@25°C	
Curing Time	8-10hrs@35°C, 15-20hrs@25°C (24hrs to dry completely)	
Recoat Time	2Hrs	
Thickness	1-3mm	
Shelf Life	12 Months	

Applications

Epoxy coatings are typically applied over concrete floors to create high-performance, smooth, and durable surfaces that can withstand years of heavy use. Industrial sites, warehouses, and commercial buildings rely on epoxy floors to maintain clean, safe conditions for workers, equipment, and inventory.

Company Profile

Established in 1993, Guangdong Crekoat New Materials Co., Ltd. was formed by epoxy resin industry experts to meet growing demand for high-quality resin products. Our significant growth has made us one of China's leading and most trusted epoxy resin suppliers.

With two factories in Foshan and Dongguan covering 20,000m² and an annual output of 1,000,000 tons, we feature advanced production equipment, precise testing instruments, and strict quality assurance systems. Our company holds ISO9001 and ISO14001 certifications, with over 20 years of experience producing epoxy resin coatings that meet SGS and RoHS environmental standards.

Frequently Asked Questions

Q1: Are you a manufacturer or what else?

A1: We are a professional epoxy resin manufacturer since 1993, located in Dongguan, China.

Q2: May I get the sample first?

A2: Yes, you can. Sample cost should be paid by buyer. We will offer best price for you.

Q3: What is the minimum order quantity for this product?

A3: MOQ is 100KGS. We also can support trial order and sample order.

Q4: May I have my own logo on the product?

A4: Yes, we accept OEM, which both are available for label, package and logo.

Q5: How many days will you deliver the products?

A5: Generally it will take 3-7 days to produce the products.

Q6: Will the Crystal Clear Epoxy Resin turn yellow over time?

A6: No, because we add HALS, which is UV protection, it won't change yellow.

Q7: Does this Crystal Clear Epoxy Resin tend to scratch over time?

A7: Our product is Scratch Resistance, Heat Resistance, Electrical resistance.

Q8: How long can last if it is not mixed?

A8: The shelf life is about 12 months, Sealed storage required.
